CHAPTER 5. LIST OF PREPARERS

Specialists from the BLM Buffalo Field Office contributed to the preparation of the Burnt Hollow Management Plan Environmental Assessment. The proposed action as described in Chapter 2 was provided by the Coordinated Resources Management Team. Participants in the BLM interdisciplinary team and the CRM team are identified in tables

Participants in the BLM interdisciplinary team and the CRM team are identified in tables 5.1 and 5.2 respectively.

CHAPTER 6. CONSULTATION

Three public meetings were held in April 1999 to solicit comments for the land exchange proposal. Sixty people attended the three meetings, and nineteen comments were received. Regional newspapers and radio stations carried stories following the public meetings. Six letters providing comments on the land exchange were received following the public meetings and media coverage. A CRM Team and four technical resource teams provided the BLM with the proposed management plan. Names and addresses of all individuals calling BLM inquiring about the BHMA were recorded. Table 6.1 includes the agencies, organizations, businesses, and individuals that attended public meetings, commented on the land exchange, participated in preparing the CRM proposal, and/or expressed an interest in the BHMA. This environmental assessment was sent to those in Table 6.1 for whom BLM had contact information.
